

FALCO SOLID

FALCOSOLID LITTER BIN AND ASHTRAY

The FalcoSolid is a new collection of utilitarian products designed to withstand high usage from urban environments such as train stations, highstreets, shopping centres and plazas. The collection is made up of a litter bin and coordinated ashtray.

RECYCLABLE | Manufactured from 100% recyclable galvanised steel

ROBUST | Designed to withstand high usage

CONTEMPORARY | Add a powder coated finish to match a brand or theme with 192 colours to choose from

FALCOSOLID LITTER BIN AND ASHTRAY

The FalcoSolid litter bin is a surface fix application or can be supplied with concrete blocks for insertion into ground.

The FalcoSolid ashtray is available in two different variations, one for wall/post mounting and one freestanding. The free standing application is available as a surface fix, below ground fix or with concrete blocks. The ashtray can also be attached to the litter bin to create one single unit.

The FalcoSolid litter bin and ashtray are supplied with a security lock and triangular key. The litter bin features an inner galvanised steel container with a handle to facilitate the process of emptying.

Dimensions

Litter Bin: 1100mm tall x 430mm wide x 245mm depth.

Ashtray: 262mm long x 160mm wide.

The litter bin has a 40 litre capacity and the ashtray a 4 litre capacity.

Both products are manufactured from 100% recyclable galvanised steel to BS EN ISO 1461 and can be polyester powder coated in any of the 192 RAL colours upon request to match a theme or corporate colour.

Falco also manufacture a comprehensive range of smoking shelters and waiting shelters ideal to compliment the Falco-Solid litter bin and ashtray.
